

The partnership between **Amerigroup Georgia** and **Comfort Cases®** marks a historic moment in the nation's efforts to support children in the foster care system. The first-of-its-kind initiative showcases the power of collective action and sets an inspiring precedent for other states to follow.

The team will be hosting Packing Parties across the state of Georgia, offering a hands-on experience of packing 250 Comfort Cases at each location! Agency Partners will participate and be the beneficiaries of the assembled backpacks.

Join the Takeover, volunteer and/or host a packing party in your local community.
